ELIGIBILITY RULES

All Employees working for a contributing Employer or Employers within the jurisdiction of the Fund shall be eligible to receive benefits after meeting the following eligibility requirements.

Eligibility is based on Contribution Quarters / Benefit Quarters as follows:

Contribution Quarters	Benefit Quarters
<i>Work Performed During</i>	<i>Determines Eligibility For</i>
Dec Jan Feb	May Jun Jul
Mar Apr May	Aug Sep Oct
Jun Jul Aug	Nov Dec Jan
Sep Oct Nov	Feb Mar Apr

Initial Eligibility

You will become initially eligible for benefits under the Plan on the first day of the month after you have worked for which contributions were reported from a contributing Employer or Employers for at least 600 hours worked within a consecutive 12 month period. (You will be eligible for at least one full quarter plus any partial quarter from your initial eligibility date).

Continuation Of Eligibility For Active Employees

Employer Contributions

After becoming initially eligible, you continue to be eligible as long as you are working for a contributing Employer or Employers and those Employers make contributions to the Fund on your behalf for at least 375 hours in each Contribution Quarter as defined above. The quarterly hour requirement may be changed by the Trustees to represent the actual average expense for operating the Plan.

Reserve Accumulation Account ("Hour Bank")

When you work more than the number of hours required by these Rules for eligibility, those excess hours are credited to your Reserve Accumulation Account or "Hour Bank" and are used to continue your eligibility if you do not have enough normal contributions at a later date. Reserve hours credited to the Employee each Contribution Quarter are automatically used if necessary to continue your eligibility. You earn credit for "excess" hours, if any, immediately beginning on the date you are initially eligible in this Plan.

You may accumulate "excess" hours to your "Hour Bank" for a maximum equivalent of two quarters of continued eligibility (750 hours for work performed starting with the June 2005 contribution quarter). Accumulated hours will be adjusted based on any change to the Employer Contribution rate.

The Reserve Accumulation Account or "Hour Bank" is calculated separately for each Employee, but it is not a savings account that the Employee "owns" or that he can withdraw cash from. Excess hours accumulated to the Hour Bank will be applied only to maintain the Employee's eligibility for coverage in this Plan.

Your Reserve Accumulation Account or "Hour Bank" may not be used if you are not available for work at Covered Employment in the Industry with an Employer who participates in this Fund or if the Local Union in which you are a member withdraws from participation in this Fund.

An individual Participant may remain eligible under this Plan when not available for work as a Laborer at Covered Employment because of a change in their Union affiliation. A Participant must submit written notification of the change in work status and satisfy each of the following requirements to remain eligible:

1. The participant continues to work for the same employer,
2. Contributions are made to another Multiemployer Fund,
3. The hours worked and the monthly contributions to the other Fund are available so the Fund Administrator can verify continuity of employment, and
4. The maximum extension of the "Hour Bank" or Self-payment period is limited to the earlier of two Quarters (6 months) or the satisfaction of the new Plan's initial eligibility requirement.

Self-Payment of Contributions

After becoming initially eligible, you may be allowed to make self-payments of contributions if you are in danger of losing eligibility due to a period of unemployment. To be eligible to make self-payments, you must be available for work at covered employment in the Industry with an Employer who participates in this Fund.

Your self-payment is equal to 375 hours times the hourly rate in effect for contributing Employers. The self-payment hours requirement is reduced by hours worked in the most recent Contribution Quarter, if any. Failure to make the self-payment to supplement the remainder of your "Hour Bank" will forfeit the "Hour Bank" balance and you will have to meet the Initial Eligibility requirements to reinstate coverage.

If you choose self-payment of contributions, you can extend eligibility for three (3) quarters under the rules. You will not be entitled to COBRA continuation at the end of the self-payment period.

Self-payments must be received at the Fund Office by the date shown on the Termination Notice. All Notices are sent by mail to the last known address on file at the Fund Office, so it is important that any address changes are reported immediately.

Eligibility by means of self-payment can be continued for a maximum of 3 successive Benefit Quarters. For the purposes of this Rule, a self-payment made to supplement an amount remaining in your "Hour Bank" will be considered your first self-payment.

You must make self-payments of contributions for consecutive Benefit Quarters so that your eligibility is continuous. After making 3 consecutive self-payments you will have to meet the Initial Eligibility requirements to reinstate coverage.

Continuation Of Coverage During Disability

If you become totally disabled while you are eligible in this Plan, your eligibility may be continued without the use of your Reserve Accumulation Account.

COBRA CONTINUATION COVERAGE

On January 1, 1987, this Plan became subject to a Federal Law known as "Continuation of Benefits Requirements Act" (COBRA) which requires the Trustees to offer you and your eligible Dependents the opportunity for a temporary extension of health coverage (called "continuation coverage") in certain instances where coverage in the Plan would otherwise end. The COBRA regulations establish minimum time periods and conditions for the right to continue coverage; it does not change the Eligibility Rules approved by the Trustees in cases where the Rules are equal or better than the COBRA requirements.

Simple Summary Schedule and Eligibility Requirements

March 2018

NOTICE: The group health plan provided by the Iowa Laborers District Council Health and Welfare Trust was in effect on March 23, 2010 and is being categorized as a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted and does not have to include certain consumer protections that apply to non-grandfathered health plans, such as the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits. Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at Iowa Laborers District Council Health and Welfare Trust c/o BMGI, Inc. (319) 365-2810. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

If You Move, Notify The Fund Office Immediately!

Most information about your plan is sent to you by mail. For you to receive this information, we must have a correct address on file at the Fund Office at all times.

If you move, it's up to you to let us know your new address. Failure to do so may jeopardize your eligibility or benefits because we have no way to contact you about any changes in the eligibility rules or improvements in benefits.

So don't lose out! **Remember:** the responsibility for letting the Fund Office know your new address is yours.

HIRING HALL PROCEDURE
Effective April 2, 2016
Updated August 1, 2019

I General.

A. Laborers Local Union No. 177 (hereafter the “Union”) shall maintain an efficient system for providing an orderly procedure of referral of journeyperson applicants for employment in the Trade. The Trade as referenced herein, shall mean all work within the craft jurisdiction of the Union as encompassed in its collective bargaining agreements.

B. A copy of these rules will be made available for inspection during business hours by any bargaining unit member.

C. Upon request, any individual will be shown his/her relative position on the out-of-work list.

II. Registration.

A. All journeymen registering for active employment shall set forth their name, address, telephone number and complete a skills card, as well as, any relevant licenses or certifications the applicant maintains. Blank applicant referral forms will be available at the Union's referral office. The Union will complete an out-of-work list consisting of the journeymen and apprentices who have registered their availability for referral.

B. Registration for referral will be accepted only from qualified journeyperson laborers who have had actual working experience in the Trade.

C. Initial registration can be done in person or done by phone. Placement on the list is by registration date not layoff or termination date.

D. All applicants shall fill out the appropriate Skills Card before signing the referral list. Each section of the Skills Card - Contract(s), Location(s), and work skills possessed – must be completed by each applicant. If a Skills Card is not completed or is incomplete a Skills Card will be filled out by the Union on behalf of the applicant in the following manner: all counties checked; all contracts checked; and the skill “Basic Laborer” checked.

E. Individuals who wish to register for referral may be required to submit proof of their experience, qualifications, and special skills through employment records, affidavits, and certifications or otherwise.

F. Upon registration, applicants will designate themselves as available for referral within a geographic region. Once an applicant has classified him or herself, all penalties regarding refusals and unavailability, for any job in a selected region, will apply. The Union will be operating by regions specified by Employer(s) needs and areas filled out on the skills card. In

the event that the Union, trying to fill an Employer's request, has exhausted all possible applicants for referral from that region's list and still requires more workers, the office may move on to the next, closest list. However, applicants who refuse such referrals or are unavailable under these circumstances will not be penalized. Any member from the referral list that has not accepted any calls for referral in 6 months will be removed. Any member from the referral list that has a non-working number will be removed.

III. Referral.

A. Except as specifically provided for in the paragraphs below, the Union shall refer applicants to an employer upon the employers request by first referring applicants from the A list, in order of the dates they register their availability for employment, then from the B List, in order of the dates these applicants register, then from the C List, in order of the dates these applicants register, and then from the D List in the order of the dates these applicants register.

B. All referrals, based on hours worked, within the A, B, C and D classification, shall move a maximum of one group per calendar year effective January 1 of the preceding year. The referral must continue to have worked the minimum hours in their classification or he will be moved to the appropriate list January 1 of the preceding year. Referrals who are off due to illness for a minimum of two (2) weeks with a doctor's statement will remain on the current out-of-work list.

C. If a registrant, referred for employment in regular order, refuses or is unavailable for three (3) consecutive referrals, his or her name shall be placed at the bottom of the list unless the applicant has given the Local Union notice in writing of unavailability for a period not to exceed thirty (30) days. Such period may be extended where an individual establishes they are unavailable for work resulting from an on-the-job injury covered by an applicable workers compensation statute.

D. Referral of applicants in the Union's jurisdiction will be made by telephone. All members will be required to have an active phone number listed with the Local Union office in order to be referred to work. Referral to projects will be between the hours of 6:00 a.m. to 9:00 a.m. and 2:00 p.m. to 5:00 p.m. or as the contractor's request. Emergency referrals made outside the designated dispatch hours would also be made in order; however, applicants who are unavailable or refuse such referrals will not be penalized.

E. The name of the registrant so dispatched shall be stricken from the list if the job to which the registrant is dispatched lasts long enough for the dispatched registrant to receive three (3) days' pay at straight time if employed.

The short term referral provisions herein are inapplicable and the applicant will be removed from the out of work list if the applicant takes any action within the first five (5) days

of employment designed to manipulate this provision of the Job Rules, such as voluntarily quitting or requesting to be laid off or discharged from a job to which he or she is referred.

F. An employer may request employees possessing special skills and abilities, in which case the Union shall refer the first applicant on the list who possesses such special skills and abilities.

G. Employers may request former employees for referral to a job or project, and the Union shall refer said former employees to the job or project provided they are properly registered applicants, are available for work at the time of request, and have been employed by the requesting Employer under the terms of this or previous agreements in the geographical area of the Union.

H. Selection of applicants for referral to jobs shall be on a non-discriminatory basis and shall not be based on or in any way affected by union membership, by-laws, rules, regulations, constitutional provision or by any other aspect of obligation of union membership, policies or obligations.

IV. Placement on List.

The Union shall maintain a register of applicants for employment established on the basis of the groups listed below. Each applicant for employment shall be registered in the highest priority group for which he/she is qualified. Apprentices shall be referred under a separate out-of-work list.

Group A
